### Home Buyer Tax Credit, New NOL Rules Signed Into Law

Last week, Congress approved legislation that will extend the first-time home buyer tax credit beyond its Nov. 30 deadline and expand it to a wider group of home buyers.

The bill also provides relief to cash-strapped home builders by providing broader tax benefits for businesses with net operating losses (NOLs).

**Cottages to Castles is still offering FREE site evaluations!**

The purpose of a site evaluation is to accurately determine how to develop your new home site. The goal is to plan your new home site in such a way as to ensure your enjoyment and to maximize the value of the property at the lowest cost. This is especially helpful in determining the total investment required to construct your new home.
